

**Manufacturer:**

Company name: **4 COILS TECH s.r.o.**  
Address: Vrazska 143, 153 00 Prague 5 – Radotin, Czech  
VAT no.: CZ13981391

**Object of Declaration:** Fin heat exchanger

**Description of product:** Exchangers for heating, ventilation, air conditioning and refrigeration equipments

4 COILS TECH s.r.o. declares that all products manufacture by them **do not contain any PFAS**.

This declaration provides confirmation that all products sold or otherwise placed on the market by **4 COILS TECH s.r.o.** have been evaluated against PFAS regulation.

Per- and polyfluorinated alkyl substances (hereafter abbreviated as PFAS) are a group of extremely persistent chemicals that are used in many consumer products. PFAS are used in products because they can, for example, increase oil and water repellency or withstand high temperatures. There are thousands of different PFAS on the market. As these substances are persistent chemicals, they accumulate in humans and the environment.

4 COILS TECH s.r.o. hereby declares that we take care not to design-in such substances during development. If the use of PFAS is necessary to fulfil the high-performance criteria of our products, we do declare the use.

4 COILS TECH s.r.o. does not directly purchase any PFAS and our products have been manufactured without the intentional use of such substances. If the use of it cannot be avoided, we do declare it.

4 COILS TECH s.r.o. has processes and procedures in place to ensure that our suppliers meet our expectations. We communicate our requirements to our suppliers to ensure that PFAS are not used in our products. We subsequently obtain declarations from our suppliers confirming their commitment and upstream due diligence.

4 COILS TECH s.r.o. is diligently working to ensure that our supply chain is going to or remains free of PFAS. Please contact us if you have any further questions about our program.
